#### FINISHING METHODS:

- Hemming Edges and Eyelets
- Ropes and Eyelets, Pole Pockets
- Hemmed Edges and Velcro
- Keder Edging to fit into sail track

#### POPULAR FINISH EXAMPLES:

#### COLOUR ACCURACY

We always conduct a full CMYK colour test proof before printing to ensure the best possible quality.

If you have specific concerns about colour accuracy, clarity, or other details, please let us know. We can arrange a time for you to review the test proof and provide final approval before proceeding with full-scale printing.

#### COLOUR MATCHING

Each printer produces slight variations in colour. If precise colour matching is essential, we can achieve highly accurate results. This service is available for a small fee (Price on Application).
